ABOUT THE HIGH PLAINS SHOOTING RANGE

This organization of sportsmen and sportswomen was founded as a non-profit conservation club over forty years ago. The association is still heavily involved in conservation issues, but has expanded its involvement into education and promotion of the shooting sports. The association owns a 123 acre range facility eight miles east and one mile south of Ault, Colorado.

Organized activities include bench rest, high power, and black powder rifle events; trap, skeet, and sporting clays events; IPSC, ICORE, Action Pistol handgun events; archery and Junior Shooting programs. We are fortunate to have several NRA Certified Instructors to teach classes in rifle, handgun, and shotgun safety. The range opens at 7:30AM on weekdays and 8:00AM on weekends, closing at sunset.

Club meetings are on the second Thursday of each month. During the December meeting elections of board members and club officers is held. Club meetings start at 7:00 PM and are open to all members.

Glock Match Plans Underway

The Rocky Mountain Regional Classic XVI (Glock Match) is scheduled for the weekend of August 14-15.

This match has grown in popularity and brings in shooters from as far away as Texas and Canada. It is a fun shoot, all shot from a standing position. No "run-'n-gun" or drawing from a holster. Thousands of \$ in cash prizes and new Glocks for top place shooters, as well as randomized cash and Glock prizes distributed in all shooting

divisions. Weld County Fish & Wildlife has gotten great feedback from contestants for the quality facility and efficient match direction. In the last several years, we have had more than 200 contestants. The more contestants we get, the more prizes are distributed.

We would love to see more club members come out to shoot the match and/or help as Range Officers. RO's have a chance for separate prizes, in the form of compensation from the Glock Sport Shooting Foundation (GSSF), and from the proceeds of the Practice Stage. Go to www.gssfonline.com for complete details of the match and stages. It takes about 2-3 hours to complete the match and can be shot either Saturday or Sunday. Registration and prize distribution are managed by GSSF.

Contact Dennis Rodgers at weatherdad@msn.com or 303-666-5559 for more information about this popular regional match. GSSF has told us that we are one of the best-run of the 35 or so matches around the country.

We will need about 35 or 40 volunteer RO's...no experience necessary. There several RO responsibilities that don't require RO certification, such as score-keeping and squading. Fliers and sign-up forms will be distributed soon or you can pre-register on line at gssfonline.com.
